Meeting #2 poll results, decisions & teams

01-09-2023

Alina Koppold

al.koppold@gmail.com

Universitätsklinikum
Hamburg-Eppendorf

to be discussed today

1

poll results
n = 19

2

next steps

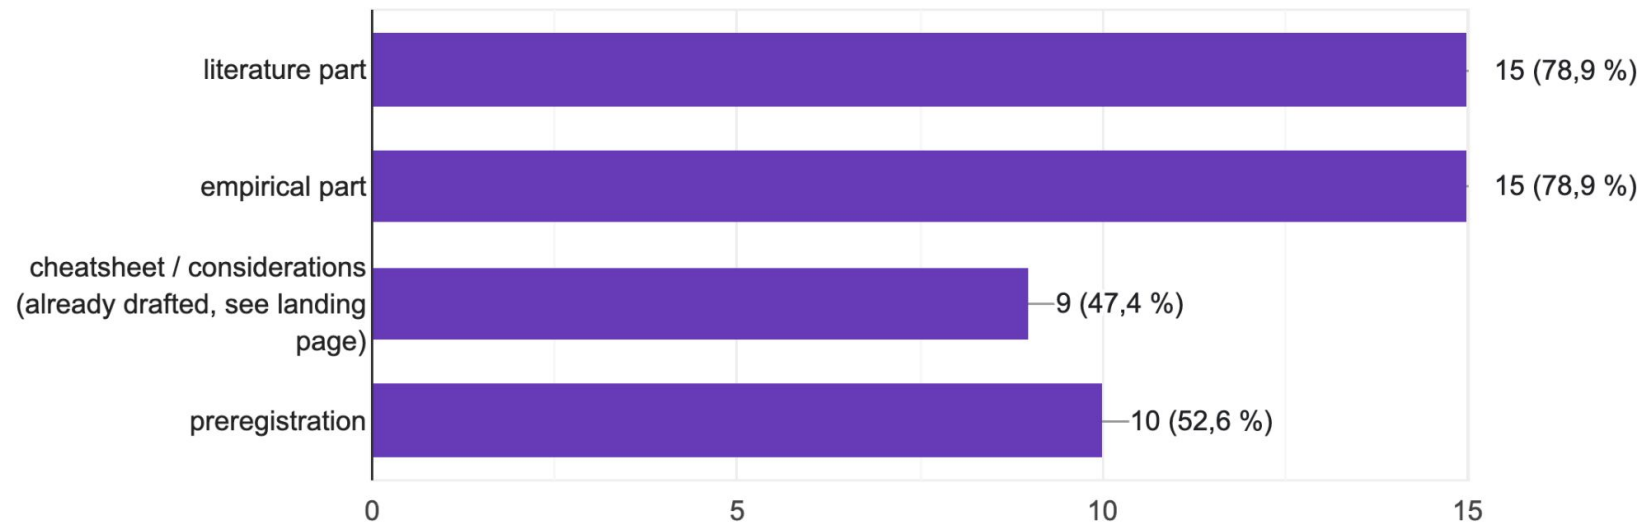

3

**team
structure
& regular
meeting**

Contribution to work-packages

Which work package(s) would you like to contribute to?

19 Antworten

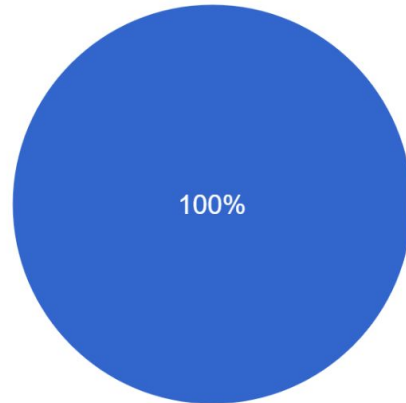

decision 1

preregistration: yes

This project should be preregistered

19 Antworten

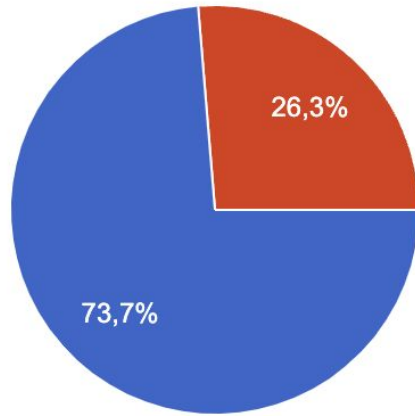

● yes
● no

decision 2

splitting decision postponed

Splitting the project into two subprojects?

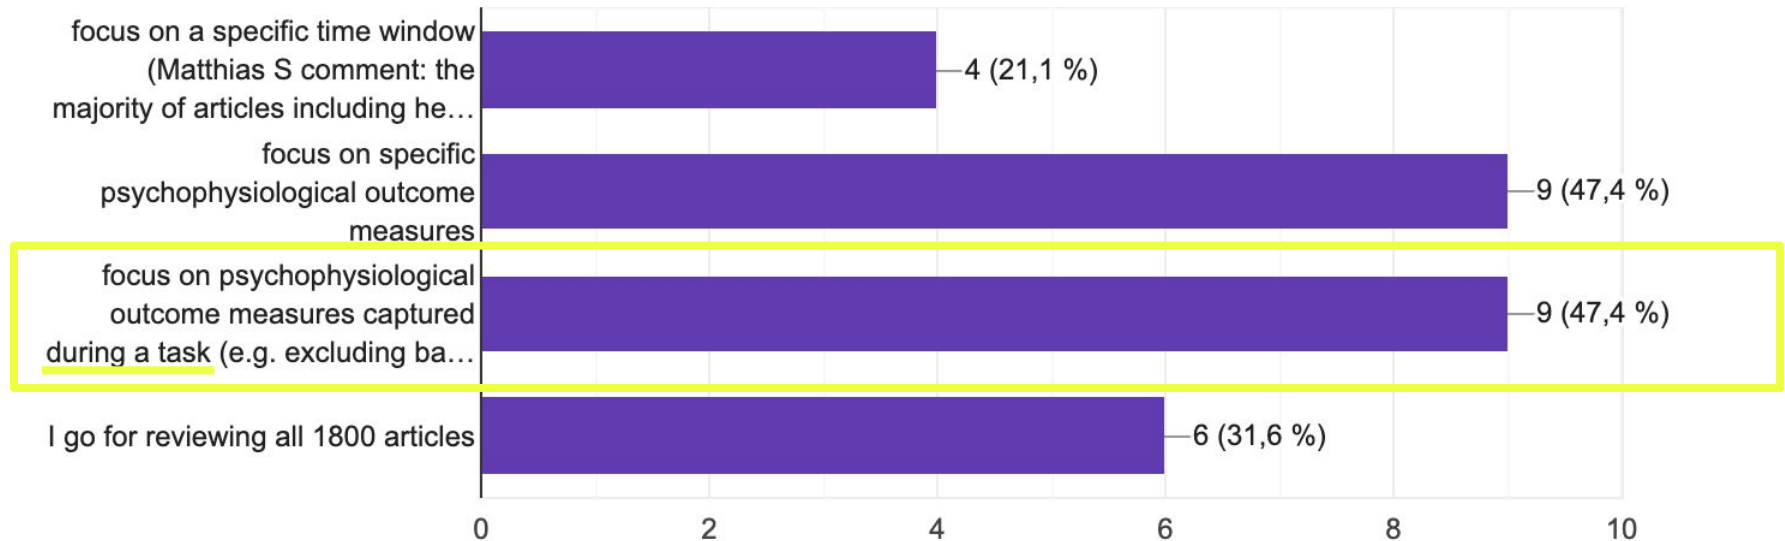

- start with literature part and postpone "splitting in subprojects decision" based on workload+outcome
- split project right into (two) subprojects

decision 3

exclusion of resting state/ baseline measurements; hair/ saliva cortisol

Setting the scope of the literature part

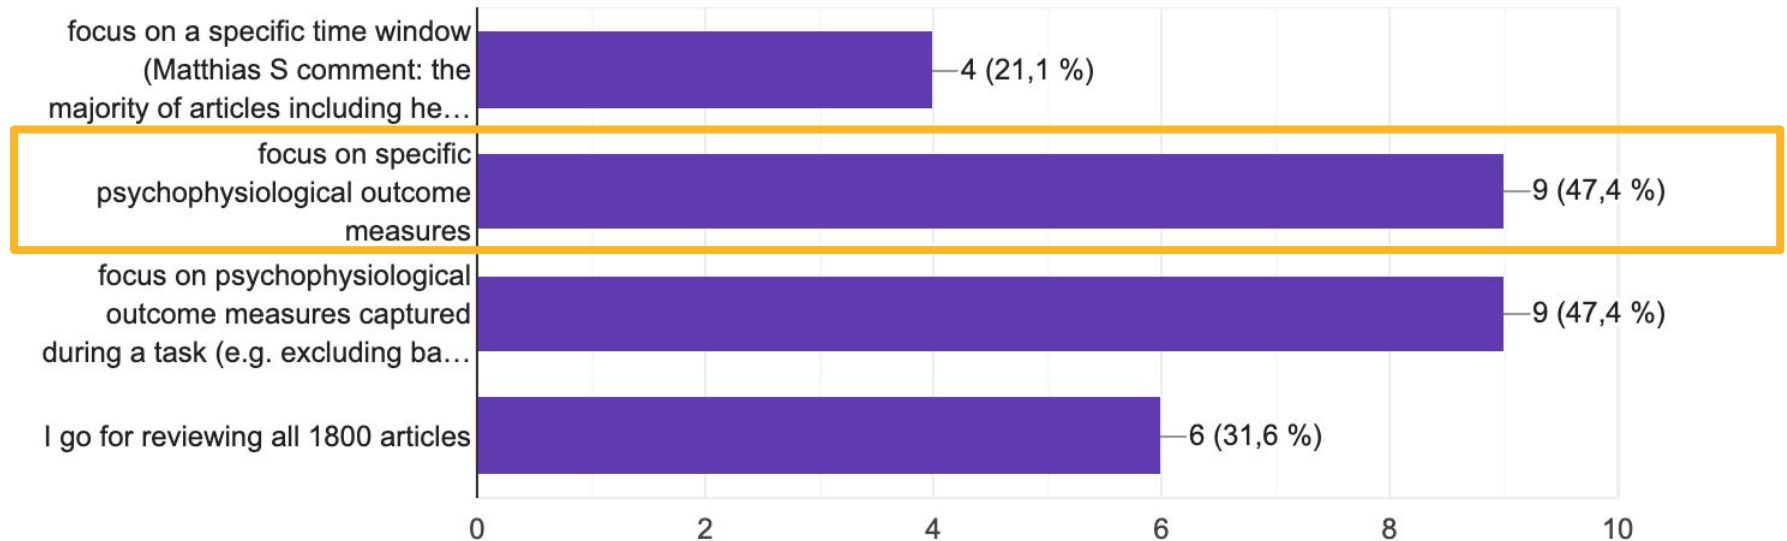

decision 3

which phy. outcome measures?

heart rate / + variability, skin conductance (response/level), Eye measures?, surface EMG (orbicularis oculi muscle, corrugator), less common measures?

Setting the scope of the literature part

2

next steps

3

team
structure
& regular
meeting

team preregistration: remain in zoom after this meeting for organising the next steps

team empirical part + cheatsheet: meet soon

- discuss the preparation of the database and
- extension of the cheatsheet draft

regular big group meeting in the beginning of each month?

*** end
